There is no doubt that football is the highlight of the Panther Valley sports program, and this year was no exception.

Whatever it takes to make a football team worthy of praise and respect was there -size, strength, speed, intelligence, dedication, motivation . . .

Coach Lawrence agrees, "They were the type of guys that every coach would want to coach."

When it came to attitude, they had it all together. Always psyched and ready to play, our guys went out onto that field in such a way that the fans were proud to be a part of P.V.

Everyone recognized the team's potential, and the student body displayed their support when they put on the best pep rally ever to be held in our high school!

We will always be able to look back to our 1977 football season and say, "It added a special something in making our senior year great!"

This year was the start of the P.V. swim team's meets with perfection.

-9 meets, 9 wins, League Championship, pennant, natatorium wall, pride . . .

After four years and three coaches, it is difficult to adjust to different patterns of training and attitudes but someone arrived to overcome them all.

-Coach Whildin, confidence, determination, more confidence, "You are winners, so practice like winners." . . .

Left to Right, Front Row- Mary Pat Kennedy, Linda Hajcak, Paulo Blasko; Back Row- Mary Lou Kennedy, Mardell Hager, Mary Ann Frendak, Theresa Koval, Susie Devers

The team's spirit was uniquely powerful with its bold assurance.
-Warning! P.V. dangerous when wet; Tamaqua who?; P.V. instant swimmers- just add H_2O; Hello, from the Moose; 1977- year of the Cat; Wooooooo! . . .

And all the other teams knew it.
-1st year beat Tamaqua, 1st Blue Mountain meet-down to the last relay, Blue Mountain-white pants- he? she?, Hazleton-tidal waves, Tamaqua-seals, no offense Samson . . .

The team also went undefeated throughout the entire season in five events.
-200 yard medly relay; 400 yard freestyle relay, 50 yard freestyle; 100 yard butterfly; 100 yard backstroke . . .

Coach Rader

This was a tremendous year for the Panther Valley Basketball team. After a relatively slow start, (7-7), the Panther Valley Cagers came alive. The Panthers undefeated second half was quite an accomplishment, considering the last four wins came in a span of five nights . . . a rather difficult task without any practice. The high moment of the season came when the mighty Panthers defeated Marian, 59-53, and captured the Anthracite League crown. The final record was 19-8, a truly memorable year.

The P.V.G.V.B. team enjoyed a very successful season. This year's netters not only had skill, determination, and enthusiasm but also possessed one very important asset - team togetherness. The closeness made the click and inevitably the victory.

It all began with the practice, and practice they did.
-finger walks, take your laps, net jumps, dive or you don't play, cover the holes, tard volleyball . . .

Next came time for the game and with the team's pep and cheers, P.V. buses could be seen rocking back and forth down the road to-
-Molly, Lizzy, can you dig it to me?, Beefy, come on in!,

Put it away hey! hey!, What are ya gonna do? Get the 209 FLASHER . . .

And when it came down to the action, constant movement and intensity was the game plan.
-I got it!, bump, set, spike; circle! dink! Maintain . . .

All the hard work, starvation and determination of our wrestling squads was well worth it this year. For this is the first time in Panther Valley's history that the wrestling squads went undefeated. The 15 and 0 record of both squads was a great accomplishment for our grapplers and has given them a great sense of satisfaction. With Coach Spisak and Coach Hoffman's excellent guidance the boys were able to capture the league championship. Congratulations to the team, their outstanding record speaks for itself.

The 1977-78 golf team saw a season of tremendous success and excellence.

-Varsity went all the way, won the Districts, walked away with the trophy; J.V.'s tied for 1st, 11 wins to 1 loss, title shared by Blue Mt . . .

But of course the golfers are quite priviledged -12:25 dismissals; priviledged? same shirt three times a week . . .

P.V. certainly abounds with talented golfers and continues to produce.

-Steve Papanek, freshman debut, #1 golfer, and three traveled to Districts-Steve Papanek, Bill Mogilski, Benji Lesniak, all avg. under 80 max . . .

The highlight of the golf season was truly the Panther's outstanding victory over Blue Mt.
-away no less, Schuylkill Country Club, 1st defeat Blue Mt. ever suffered at home . . .

Indeed this match contained some interesting happenings.
-Mogo hit by golf ball, Joe Zuber's 18th hole (approach shot 2 ft. from hole,) also missing birdie putt and sinking it for par! . . .

And how about their two new additions?
-Michelle Rako, Alexis Molik-1st female golfers in P.V. history . . .

All golfers agree the team had an enjoyable as well as a successful and competitive year. They wish to extend thanks to Coach Yanchura for his training and guidance.

BASEBALL
The baseball team had an above average season during the 1976-77 year. Every member of the team will always remember running in the snow and rain, and throwing the ball again and again, and again and again. And as always they all hold "Cherished" memories of the past year: "Hey you! Take 2 laps around the field!" . . . white and gold . . . look out, here comes a lefty . . . "Watch where you're spittin'" . . . no rainbows from the outfield . . . get your butt down!!! . . .

No amount of money will ever compensate an athlete for the hours of sweat, miles of running, weeks of misery, days of starvation, months of agony, and the immeasurable pain suffered for those few moments of glory in the limelight of victory.

The dedicated athlete endures it all, and in fact the casual observer would assume even enjoys it, for often the conditioning does not end off the field.

Home Gyms, weight training, and other activities take more of the athletes free time than even television does.

The question asked most often of the athlete is whether or not it all was worth the brief moments of victory. Ask any Panther Valley athlete - He or She will Tell you "You bet it is!"

TRACK

Once again this year our highly motivated track squad has set out to improve on last year's 5 - 6 record. They began their training sessions two months before the opening meet by running through the halls of the school, around the snow covered track, and along the area highways while other hopefuls spent long hours lifting weights. All this was on their own because it was not until only a few weeks before the season began that a coach was chosen to fill the vacancy left by the resignation of last years mentor, Mr. Frank DeFebo.

Because of the hard work and determination shown so far, they are expecting to have a very successful year.

GIRLS BASKETBALL

Brenda Morgans

BRENDA MORGANS became the first athlete in the history of Panther Valley High School to reach the esteemed 1,000 point plateau. She reached this goal on December 31, 1977 during the Christmas Tournament against Jim Thorpe High School. This is certainly a tremendous display of dedication and talent, and we, the Class of 1978, are extremely proud of her.

GIRLS BASKETBALL

The Panther Valley girls basketball team had a fairly successful season this year.

This was their first year in the Anthracite League and, under the direction of a new coach, the girls put in alot of hard work and pulled out with a winning record. This was also the first year the girls were allowed to use the high school gym for their practice sessions and games, a step forward for girls' sports in this school.

Mary Ann Kutza,' Editor.
Mr. John Gunnsser Adviser

The PV Identity had a slow start his year, but now that its started it will be hard to stop. Getting a new emblem, Advisor, editor, printing company and everything else added to the confusion. We had "Deadline tomorrow" "Where is your article?" "Isn't it typed yet?" "I'll kill him!" "Can I have some passes?" "What typewriters work?" "26 spaces to a line." and "I thought it only took 24 hours." "Is it here yet?" "Hey, when's the paper coming out?" "This week (I hope)" Oh lordy, how we prayed it would be ok when it finally got here. All those hours over the typewriter. "Quarter please." Thank you. "Wow!!! It's the greatest.

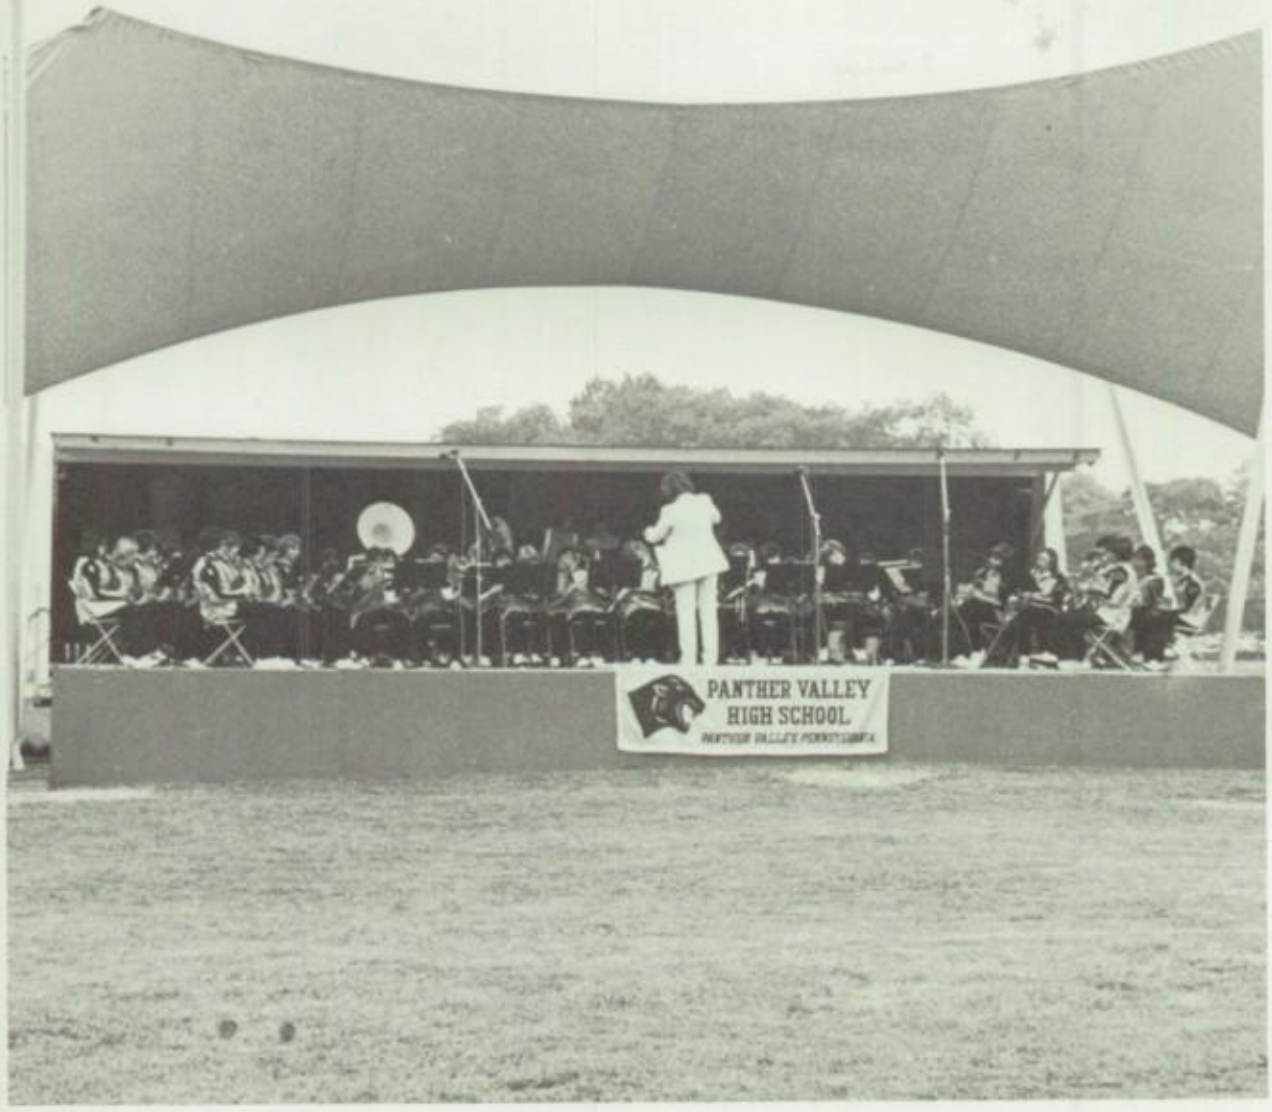
PANTHER VALLEY BAND

As the Panther Band marched on to the field and began to perform their routine, many considered it as having a touch of class. Mr. Mitchell believes it is the best band he's ever had. Many long hard summer days were spent on the intricate manuevers that seem to be so easy. Everyone will remember those first days when marching into each other was a common sight and after basics then piece by piece putting together each part of the routine with the music. By the last days of summer all that's left is to polish up the little things, such as . . . keep those lines straight, girls Smile, learn that dance, 3 more days til our 1st performance, our uniforms should be done in 2 days, lift your knees, etc.

Before the first performance everyone is tense and as they march onto the field in front of all those people it worsens yet. After the spot check and the first song begins the tension lessens just a little. Our favorite song this year was the girls dance routine to Rubber Band Man and of electronic finale to Rocky. A new addition this year was the electronic organ, which added more sparkle.

Success was one word to describe our trip to Greencastle to participate in the Halloween parade there. Placing 2nd was only one of the highlights of our trip, as several others were eating salad and cheese and croutons for supper, making a house call with a vet, that fantastic party after the parade, playing games all afternoon, having maid service, old fashioned dutch hospitality, and before our return trip, the battle of the bands. Seeing row houses again and mountains, we knew we were home again.



Senior night, a special night to honor all band seniors, was the last home football game. Each person was introduced in front of the band, it will never be the same without Mitchells first bandies gone.

Then time comes for the Spring Concert. Every Tuesday and Thursday sitting in the band room from 2:30 to 4:00 p.m. can be a real experience. You'd hear anything from notes to squeaks to cowbells, to Mr. Mitchell screaming at the trumpets to read what's written.

After the Memorial Day parades are over (3 to be exact) each senior leaves behind one of their most cherished high school memories, thoughts, like . . . . I broke my reed, I forget a glove, get the valve oil, where's the plume box, my drum stick fell a block ago, getting the bus 3 hrs. late for the trip to Washington, D.C., playing the huge concert in D.C. (about 30), the ladies with the umbrellas, long bus trip, singing Bang Bang LuLu, almost getting whip lash on that certain bus, visiting other band

officers, don't fall in the mud, washing dishes at the annual Spaghetti Dinners, get that bowl out of the garbage disposal, its hailing in the kitchen, don't squirt that sprayer at me, the floors are finally mopped, its over for another year, the year we were better than Mt. Carmel even.

Even though some may never again play their horn those years of practice and work will all have been worth it, because being a MITCHELL'S MARCHER IS GREAT!!!

Advanced Science Club
A wonderful class for the science oriented student if you like a lot of fun and little work. For example, we trap rabbits, play with snakes, tackle lab experiments or at least try to, fix weather vanes, take walks in the woods and much more. Advanced science is an intellectual and interesting course.

Calculus Club
Calculus is a challenging course as all Calc students well know. Between this theorem and that theorem we struggle but get by with lots of laughing and spewing. Everyone will surely remember the take home test, calculator burn outs, Sarge (ARGHHH . . .), graphs and more graphs.

French Club
French is not a hard language for an average student. It is a class where the work gets done but with a few laughs. Mr. Bendock is a good teacher and keeps everyone in their place. We like what we do that is why we are staying with it.

Russian Club
Russian 4 proves to be quite an experience since the class consists of 6 students. We spent hours translating Winnie the Pooh and reading 807 pages of Anna Karenina. We filled the school with Russian folk songs and feasted on exotic delicacies of the Russian people. It was such a shame we never got to see Moscow under snow.

German Club
The German Club proved to ber quite interesting and informative to those who ventured in to Miss Slivka's room. We'll never any of the events that went on such as Schuss, Kicking around the OB block, the Christmas tree (who knows where and when they got it), maybe our trip to Germany?, "Is it Baroque?", our Tootsie Pop wrapper Xmas tree, Santa on the blackboard, Annie ACON.

SKI CLUB

The 1977-78 Ski Club enjoyed a very successful season of skiing. They got into the "Think Snow" spirit with a "ski with Hart" raffle in November.

All skiers eagerly anticipated their first trip to Camelback. Finally the day arrived and the ski club hit the slopes. Those new to the experience enjoyed the thrill of going down the Sun Bowl, the beginner slope, for the first time while the more daring skiied the Asp and Margies. And of course, we all have memorable things to look back on: putting on 3 layers of clothes . . . munching out on the bus . . . the hassle of going through rentals . . . "Where's Andy?" . . . Styx- "Come Sail Away" blaring on the bus . . . Camelback Tales . . . those wonderful, loving, ski lessons . . . falling off of the T-Bar . . . "It's freezing!" . . . Thawing out in the lodge . . . sleeping on the long bus ride home . . .

The season ended all too soon and it will always be remembered by those who took part.

More color and copy is the highlight of the 1978 yearbook and it took alot of work from everyone to make it work. Who could ever forget "marathon" work sessions (45 pages in one day), having three pages to fill and no pictures to fill them with, Rich, the swim-a-thon, trying to get people in without cutting their ears off, Rompy, croppers that never work, and the guy from Cal Pane's

All in all, it was alot of work but is was worth it in the end (we think) and to next year's staff-GOOD LUCK

Library Aides.

The Library Aides are one of the most functional groups in the school, by helping both students and teachers use the library and all its materials. Besides looking up books and magazines, they hold an annual Spring Tea for the faculty, conduct contests, and decorate the hall display case. As with other activities, the Library Aides have things that are unique to the club. Remember the seniors' dinner, the trip to Leiby's, baking, arranging, and eating cookies, Christmas decorations, and proofreading books. All fun aside, the Library Aids serve an important function by assisting others in their spare time.

Looking Backing at the years in the Audio-Visual Club (fondly known as A-V) We'll always remember the blown fuses, broken mike cables, broken ceiling tiles, and soda cans in the air conditioners, We always bugged Mr. York by playing with the auditorium lights and while fixing all the broken projectors. This is one activity that can be educational and fun at the same time.

The P.V. Cheerleaders really get involved promoting school spirit and enthusiasm through out the year. Attending camp, making banners, planning pep rallies and practicing were all a part of the girls preparation for the upcoming seasons.

Besides cheering at football games the spirited squad of girls also added to the band performance. Going to Basketball games and Wrestling matches to cheer on the teams kept them always on the go. This year's Cheerleaders did a fine job and enjoyed theirselves while doing so.

try outs, "SMILE!! new shakers, ICF, NCA, Bake Sales galore, Rah-Rahs, Be Peppy! 5 nights a week, bumble bees, 60 banners, mounts, getting a blue ribbon, Freezing legs, stadium cushions, Band routines, sore muscles, FIG, 2 O'Clock shower, bus rides, Jackie's solo, Rocky, GOOD TIMES!

CLASS SONG
Sung to "BEN"
Time has gone so quickly it has passed
Now we turn and bid farewell at last
All our friends are on their way
We'll start a brand new day
Oh, we now leave behind
Our dear ol' P.V. High

Memories we will always hold so dear
As we look back at our last 12 years
Keep them always in your mind
We linger back and find
It's time to turn and leave
Our dear ol' P.V. High

Remember well, all we've done, all our plans, all our fun

Thinking back of all the things we've shared
Alma Mater yes we've really cared
Cherished thoughts are with us still
Remember, yes we will
But now we say goodbye
To dear ol' P.V. High

PROM
May 22, 1977

The Junior- Senior Prom is always a very special and greatly anticipated occasion. We wanted our prom to be especially meaningful and cherished memories. The Juniors were busy with weeks of preparation -crown from Minn., the Other Side, cherry picker, 5000 yds. of fishing line. The date moved closer-11:00 pm. the night before decorations ran hectic with finishing touches- birch trees, angel hair, build the bridge, paint the staircase, zodiac murals, "who's fountain?", and it moved closer, 5:00 pm the day of the prom - 5' x 5' table clothes set the tables, make the punch, arrange the flowers, put on the lights, QUICK! - the stairs fell, tape them back up, here come the couples . . .

Of course, the evening was a great success - the night was crisp and clear, romance filled the air, the stars twinkled above, the fountain bubbled, the music enchanted and the dancers swirled all on our STAIRWAY TO HEAVEN!!

After an absence of a year, the homecoming football and selection of a queen returned to Panther Valley. The candidates were chosen by a poll of all seniors, and the election was held a few weeks later after all the students had a chance to view the photos of the candidates. All students voted in secret, and a Homecoming Queen for 1977 was selected.

The Homecoming Game was against rival team Tamaqua, against which our team was victorious. During Halftime, The candidates were driven unto the field while the band performed. The candidates were introduced to a cheering crowd, and the Queen was crowned.

Juniors always seem to be restless and full of anxiety. "One more year and I'll be out of this place." But somehow juniors pop up everywhere you look. It is usually at this point that they emerge and come to realize their potentials, whether it be the highest soprano in chorus or the best forger of excuses. Yet they should keep in mind that they still have a long way to go to match the class ahead of them!

Junior year can be both challenging and exciting.

Walking into a strange building, seeing strange faces, breaking into a cold sweat, pretending you are really a sophomore, waiting for some senior to walk up to you and say, "Sing Mary Had a Little Lamb." Who else experiences these things but a freshman?

Of course freshman year entails much more than just hiding from seniors. -Freshman Orientation, voting for student council members and class officers, joining new activities, kit sales, selling something to every living relative, NEDT tests, "Don't want to hear a peep out of you till Christmas" . . .
